

inLeague User Guide

Where To Get Help

You have reached the inLeague Help and Support page.

Volunteer Membership & Verified Volunteers Support

Please see the [Volunteer Support Page](#) for contact information and assistance with Verified Volunteers and the AYSO Volunteer Membership Program.

Parents and Coaches: For questions relating to registration, division placement, team placement, or team assignments, please contact your league registrar. Contact information should be available under the Board and Administration link on the Utilities menu. inLeague support is unable to provide assistance with registration or team placement.

- **Division Directors:** For general questions, it is best to start with league officials; inLeague staff are happy to provide support with respect to how the system functions, but have nothing to do with decisions regarding roster embargoes, coach assignments, or game scheduling. If you have a technical question about inLeague application software, please contact us by emailing [inLeague Support](#).
- **Administrators, Schedulers, and Commissioners:** For technical questions or bug reports, please contact us by emailing [inLeague Support](#). For feature requests, inLeague has a designated **inLeague Liaison** for each league. Our development pipeline is determined in part by how each league liaison prioritizes requests every year; you are welcome to send us feedback at any time, but please be sure to include your league liaison!
